
Academic Assessment - Initial guidance

United States | USD

A program for your situation

Assessment of a student's academic starting point to guide curriculum placement, support or planning. The instrument is chosen according to the service and level; valid prior assessments should not be unnecessarily repeated.

What is included

Academic results, identification of support needs and educational recommendations according to the contracted assessment. Scope and report format are confirmed before starting.

How it works

Assessment may be part of program admission or contracted separately. It is different from a state-required standardized test or a clinical or psychological evaluation.

Family support

Share the grade, language, curriculum and prior assessments. The team confirms the appropriate test and whether it is already included in your program, avoiding duplicate charges.

Institutional standing

FLDOE #134620: private-school registration, not accreditation. MSA-CESS: official candidate; accreditation has not yet been granted. IRS 501(c)(3): nonprofit tax status. Candid Gold 2026: transparency recognition, not educational accreditation.

Your investment and next steps

Academic assessment

\$58 USD

Your next steps

1. Share the student's age/grade and prior records.
2. Confirm the individual plan, included services and final quote.
3. Submit the official application, then complete the agreed onboarding.

[Ask your admissions team](#)

An inquiry is not an admission or a payment. Your team confirms the applicable requirements before enrollment.
