
Dual Diploma - A complementary U.S. pathway

Panama | USD

A program for your situation

Students remain at their current school while adding a U.S. high school pathway. Chanak audits prior records, identifies outstanding credits and prepares an individual Route Plan.

What is included

Academic record review, placement as needed, an individual Route Plan, mentoring, learning platform and SIS follow-up. A U.S. transcript and diploma are issued after requirements are met. Assessment and enrollment charges are detailed in the applicable country fee document.

How it works

For eligible students, up to 18 of the 24 credits may come from prior school records; recognition is never automatic. The pathway includes academic English, U.S. History, Government & Economics, Bible and Life Skills as required by the individual plan. Workload and duration are confirmed individually.

Family support

Families provide official school records and support a routine compatible with the current school. Students complete activities and evidence; coordinators supervise the plan. Automatic equivalence, university admission and scholarships are not promised.

Institutional standing

FLDOE #134620: private-school registration, not accreditation. MSA-CESS: official candidate; accreditation has not yet been granted. IRS 501(c)(3): nonprofit tax status. Candid Gold 2026: transparency recognition, not educational accreditation.
